

CLAIROL WORLDWIDE BEAUTY CARE
STAMFORD, CT

Clairol Worldwide Beauty Care, Stamford, Connecticut facility manufactures hair color and hair and skin care products. It demonstrated its dedication to reducing environmental impacts by increased usage of recycled materials and virtually eliminating discharges to surface water. By 2003, the facility plans to reduce energy use by 20%, water use by 2%, emissions of greenhouse gases by 2%, and hazardous solid waste by 1%. Clairol Worldwide Beauty Care is certified to ISO 14001 and has participated in EPA's Climate Wise program.

ENVIRONMENTAL PERFORMANCE

Past Accomplishments

Clairol Worldwide Beauty Care has demonstrated its commitment to environmental performance by increasing its usage of recycled materials and virtually eliminating non-contact cooling water discharges to surface water. Since 1997, the facility has:

- **Increased use of recycled materials** through an active recycling program.
- **Virtually eliminated non-contact cooling water discharges to surface water** by installing a closed-loop system employing chillers.

Future Commitments

Clairol committed to continued environmental improvement through further reductions in energy and water use, greenhouse gas emissions, and hazardous solid waste. By 2003, the facility will:

- **Reduce energy use** by 2% through identifying and implementing opportunities for energy conservation.
- **Reduce water use** by 2% through identifying and implementing opportunities for water conservation.
- **Reduce greenhouse gas emissions** by 2% through identifying and reducing greenhouse gas-emitting sources.
- **Reduce hazardous solid waste** by 1% through identifying opportunities for pollution prevention through product re-formulations.
